

# SAFETY DATA SHEET

This safety data sheet was created pursuant to the requirements of:  
GB/T 16483-2008, GB/T 17519-2013

**Product Name** Tetramer  
**Issuing Date** 17-Dec-2020

**Revision Date** 26-Feb-2021  
**Revision Number** 2.0

## 1. Identification

### Product identifier

**Product Name** Tetramer  
**Chemical name** 1-Propene, tetramer

### Other means of identification

**Product Code(s)** P502, P503  
**UN/ID no** UN2850

### Details of the supplier of the safety data sheet

#### Supplier

Braskem S.A.  
Av. Presidente Costa e Silva, 1178 –  
Capuava  
Santo André, SP, CEP: 09270-001, Brasil  
Telephone: +55 (11) 4478-1777

**E-mail address** productsafety@braskem.com

### Emergency telephone number

**Emergency telephone number** CHEMTREC International: +1 703-741-5970  
CHEMTREC China: +(86) 4001-204937

### Recommended use of the chemical and restrictions on use

**Recommended use** Distribution of substance  
Industrial use  
Intermediate

**Restrictions on use** No information available

## 2. Hazard(s) identification

### **Emergency Overview**

Very toxic to aquatic organisms  
VERY TOXIC TO AQUATIC ORGANISMS; MAY CAUSE LONG-TERM ADVERSE EFFECTS IN THE AQUATIC ENVIRONMENT  
HIGHLY FLAMMABLE: Will be easily ignited by heat, sparks or flames

**Color** Colorless

**Physical state** Liquid

**Odor** Petroleum

### Classification of the substance or mixture

|   |            |
|---|------------|
| Flammable liquids                                     | Category 3 |
| Hazardous to the Aquatic Environment - Acute Hazard   | Category 1 |
| Hazardous to the Aquatic Environment - Chronic Hazard | Category 1 |

**Label elements**

Signal word

Warning

**Hazard statements**

Flammable liquid and vapor  
 Very toxic to aquatic life with long lasting effects

**Precautionary statements****Prevention**

Use explosion-proof electrical/ ventilating/ lighting/ equipment  
 Avoid release to the environment  
 Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking  
 Keep container tightly closed  
 Ground/bond container and receiving equipment  
 Use only non-sparking tools  
 Take precautionary measures against static discharge  
 Wear protective gloves/protective clothing/eye protection/face protection

**Response**

IF ON SKIN (or hair): Take off immediately all contaminated clothing. Rinse skin with water/ shower  
 In case of fire: Use dry sand, dry chemical or alcohol-resistant foam to extinguish  
 Collect spillage

**Storage**

Store in a well-ventilated place. Keep cool

**Disposal**

Dispose of contents/container to an approved waste disposal plant

**Physical and chemical hazards**

Flammable; may be ignited by heat, sparks or flames. Vapors may form explosive mixtures with air. Vapors can travel considerable distances to a source of ignition where they can ignite, flash back, or explode. Runoff to sewer may create fire or explosion hazard. Containers may explode when heated.

**Health hazards**

Immediate Health Effects: Not applicable.  
 Chronic effects: Not applicable.

**Environmental hazards**

Dangerous for the environment. This material is a water pollutant. Keep out of drains, sewers, ditches and waterways. Minimize use of water to prevent environmental contamination.

**Other hazards which do not result in classification**

Not applicable.

**3. Composition/information on ingredients****Substance**

| Chemical name       | CAS No    | Weight-% |
|---------------------|-----------|----------|
| 1-Propene, tetramer | 6842-15-5 | >99      |

## 4. First-aid measures

### Description of necessary first aid measures

|   |   |
|---|---|
| <b>Inhalation</b>   | Remove to fresh air. Medical aid is necessary if symptoms appear to be an obvious consequence of inhalation.  |
| <b>Eye contact</b>  | Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes. Keep eye wide open while rinsing. Do not rub affected area.  |
| <b>Skin contact</b>                                       | Wash off immediately with soap and plenty of water while removing all contaminated clothes and shoes. Get medical attention if symptoms occur.  |
| <b>Ingestion</b>  | Do NOT induce vomiting. Clean mouth with water and drink afterwards plenty of water. Never give anything by mouth to an unconscious person. Consult a physician if necessary.   |
| <b>Most important symptoms/effects, acute and delayed</b> | Prolonged contact may cause redness and irritation. Inhalation of high vapor concentrations may cause symptoms like headache, dizziness, tiredness, nausea and vomiting.  |
| <b>For emergency responders</b>                           | Remove all sources of ignition. Ensure that medical personnel are aware of the material(s) involved, take precautions to protect themselves and prevent spread of contamination. Use personal protective equipment as required. See section 8 for more information. |
| <b>Note to physicians</b>                                 | Treat symptomatically.  |

## 5. Fire-fighting measures

### Extinguishing media

|   |   |
|---|---|
| <b>Suitable Extinguishing Media</b>                 | Dry chemical. Carbon dioxide (CO <sub>2</sub> ). Water spray. Alcohol resistant foam.   |
| <b>Unsuitable extinguishing media</b>               | Do not scatter spilled material with high pressure water streams.   |
| <b>Specific hazards arising from the chemical</b>   | Risk of ignition. Keep product and empty container away from heat and sources of ignition. In the event of fire, cool tanks with water spray. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. Do not allow run-off from fire-fighting to enter drains or water courses. |
| <b>Special protective actions for fire-fighters</b> | Firefighters should wear self-contained breathing apparatus and full firefighting turnout gear. Use personal protection equipment.  |

## 6. Accidental release measures

### Personal precautions, protective equipment and emergency procedures

|                                 |  |
|---------------------------------|--|
| <b>Personal precautions</b>     | Evacuate personnel to safe areas. Use personal protective equipment as required. See section 8 for more information. Avoid contact with skin, eyes or clothing. Ensure adequate ventilation. Keep people away from and upwind of spill/leak. ELIMINATE all ignition sources (no smoking, flares, sparks or flames in immediate area). Pay attention to flashback. Take precautionary measures against static discharges. All equipment used when handling the product must be grounded. Do not touch or walk through spilled material. |
| <b>Other information</b>        | Ventilate the area.  |
| <b>For emergency responders</b> | Use personal protection recommended in Section 8.  |

|   |  |
|---|--|
| <b>Environmental precautions</b>                            | Refer to protective measures listed in Sections 7 and 8. Prevent further leakage or spillage if safe to do so. Prevent product from entering drains.   |
| <b>Methods and material for containment and cleaning up</b> | Take precautionary measures against static discharges. Dam up. Soak up with inert absorbent material. Pick up and transfer to properly labeled containers. Stop leak if you can do it without risk. Do not touch or walk through spilled material. A vapor suppressing foam may be used to reduce vapors. Dike far ahead of spill to collect runoff water. Keep out of drains, sewers, ditches and waterways. Absorb with earth, sand or other non-combustible material and transfer to containers for later disposal. |
| <b>Precautions to prevent secondary hazards</b>             | Clean contaminated objects and areas thoroughly observing environmental regulations.   |

## 7. Handling and storage

|  |  |
|--|--|
| <b><u>Precautions for safe handling</u></b>                                | Handle in accordance with good industrial hygiene and safety practice. Use personal protection equipment. Avoid contact with skin and eyes. Avoid breathing vapors or mists. Keep away from heat, hot surfaces, sparks, open flames and other ignition sources. No smoking. Use grounding and bonding connection when transferring this material to prevent static discharge, fire or explosion. Use with local exhaust ventilation. Use spark-proof tools and explosion-proof equipment. Keep in an area equipped with sprinklers. Use according to package label instructions. |
| <b><u>Conditions for safe storage, including any incompatibilities</u></b> | Keep containers tightly closed in a dry, cool and well-ventilated place. Keep away from heat, sparks, flame and other sources of ignition (i.e., pilot lights, electric motors and static electricity). Keep in properly labeled containers. Do not store near combustible materials. Keep in an area equipped with sprinklers. Store in accordance with the particular national regulations. Store in accordance with local regulations.  |
| <b>Incompatible materials</b>  | None known based on information supplied.  |

## 8. Exposure controls/personal protection

### **Occupational exposure limits**

This product, as supplied, does not contain any hazardous materials with occupational exposure limits established by the region specific regulatory bodies.

### **Biological occupational exposure limits**

No data available.

### **Monitoring and observation processes**

No applicable information was found.

### **Engineering controls**

Showers  
Eyewash stations  
Ventilation systems.

### **Individual protection measures, such as personal protective equipment**

#### **Eye/face protection**

Tight sealing safety goggles.

#### **Skin and body protection**

Wear suitable protective clothing. Long sleeved clothing. Chemical resistant apron. Antistatic boots.

#### **Hand protection**

Wear suitable gloves. Impervious gloves.

#### **Respiratory protection**

In case of insufficient ventilation, wear suitable respiratory equipment. A respiratory protection program compliant with all applicable regulations must be followed whenever workplace conditions require the use of a respirator. Consult with an industrial hygienist to determine the appropriate respiratory protection for your specific use of this material.

**General hygiene considerations** Do not eat, drink or smoke when using this product. Contaminated work clothing should not be allowed out of the workplace. Regular cleaning of equipment, work area and clothing is recommended. Wash hands before breaks and immediately after handling the product.

## 9. Physical and chemical properties

### Information on basic physical and chemical properties

|                       |                          |
|-----------------------|--------------------------|
| <b>Appearance</b>     | Colorless, Liquid        |
| <b>Physical state</b> | Liquid                   |
| <b>Color</b>          | Colorless                |
| <b>Odor</b>           | Petroleum                |
| <b>Odor threshold</b> | No information available |

| <u>Property</u>                                | <u>Values</u>      | <u>Remarks • Method</u> |
|--|--------------------|-------------------------|
| <b>pH</b>                                      | No data available  | None known              |
| <b>Melting point / freezing point</b>          | > -80 °C           | None known              |
| <b>Initial boiling point and boiling range</b> | 171 - 208 °C       | None known              |
| <b>Flash point</b>                             | 52 °C              | CC (closed cup)         |
| <b>Evaporation rate</b>                        | No data available  | None known              |
| <b>Flammability</b>                            | No data available  | None known              |
| <b>Flammability Limit in Air</b>               |                    | None known              |
| <b>Upper flammability or explosive limits</b>  | 5.4%               |                         |
| <b>Lower flammability or explosive limits</b>  | 0.8%               |                         |
| <b>Vapor pressure</b>                          | 20 mmHg            | 284 hPa; @ 19 °C        |
| <b>Vapor density</b>                           | 5.81               | (air = 1)               |
| <b>Relative density</b>                        | 0.77 - 0.785       | @20°C                   |
| <b>Water solubility</b>                        | Insoluble in water | None known              |
| <b>Solubility(ies)</b>                         | Benzene, Ethanol   | None known              |
| <b>Partition coefficient</b>                   | No data available  | None known              |
| <b>Autoignition temperature</b>                | No data available  | None known              |
| <b>Decomposition temperature</b>               | No data available  | None known              |
| <b>Kinematic viscosity</b>                     | No data available  | None known              |
| <b>Dynamic viscosity</b>                       | No data available  | None known              |

### Additional information

|                             |                           |
|-----------------------------|---------------------------|
| <b>Explosive properties</b> | No information available. |
| <b>Oxidizing properties</b> | No information available. |

## 10. Stability and reactivity

**Stability** Stable under normal conditions.

**Possibility of hazardous reactions** None under normal processing.

**Sensitivity to mechanical impact** None.

**Sensitivity to static discharge** Yes.

**Conditions to avoid** Heat, flames and sparks.

**Incompatible materials** None known based on information supplied.

**Hazardous decomposition products** Carbon oxides.

## 11. Toxicological information

### Acute toxicity

**Numerical measures of toxicity**

Based on available data, the classification criteria are not met

**Component Information**

| Chemical name       | Oral LD50        | Dermal LD50 | Inhalation LC50                      |
|---------------------|------------------|-------------|--------------------------------------|
| 1-Propene, tetramer | > 5 g/kg ( Rat ) | -           | > 5060 mg/m <sup>3</sup> ( Rat ) 4 h |

**Skin corrosion/irritation** No information available.

**Serious eye damage/eye irritation** No information available.

**Respiratory or skin sensitization** No information available.

**Germ cell mutagenicity** No information available.

**Carcinogenicity** No information available.

**Reproductive toxicity** No information available.

**Specific target organ toxicity (single exposure)** No information available.

**Specific target organ toxicity (repeated exposure)** No information available.

**Aspiration hazard** No information available.

**12. Ecological information**

**Ecotoxicity** Very toxic to aquatic life with long lasting effects.

EC50 (calculated) <1 mg/L

**Persistence and degradability** No information available.

**Bioaccumulative potential** Material may have some potential to bioaccumulate.

**Mobility in soil** No information available.

**Other adverse effects** No information available.

**13. Disposal considerations**

**Waste chemicals** Should not be released into the environment. Dispose of in accordance with local regulations. Dispose of waste in accordance with environmental legislation.

**Contaminated packaging** Empty containers pose a potential fire and explosion hazard. Do not cut, puncture or weld containers.

**14. Transport information****IMDG**

UN number or ID number UN2850  
UN proper shipping name PROPYLENE TETRAMER

|                                   |   |
|-----------------------------------|---|
| <b>Description</b>                | UN2850, PROPYLENE TETRAMER, 3, III, (52°C C.C.) |
| <b>Transport hazard class(es)</b> | 3   |
| <b>Packing group</b>              | III   |
| <b>Marine pollutant</b>           | NP  |
| <b>EmS-No</b>                     | F-E, S-E  |

**IATA**

|                                   |                                    |
|-----------------------------------|------------------------------------|
| <b>UN number or ID number</b>     | UN2850                             |
| <b>UN proper shipping name</b>    | Propylene tetramer                 |
| <b>Description</b>                | UN2850, Propylene tetramer, 3, III |
| <b>Transport hazard class(es)</b> | 3                                  |
| <b>Packing group</b>              | III                                |
| <b>ERG Code</b>                   | 3L                                 |

**China**

|                                   |                                    |

| <b>Marine pollutant</b>           | Yes                                |
| <b>Description</b>                | UN2850, PROPYLENE TETRAMER, 3, III |

**Special precautions for user**

Please refer to the applicable dangerous goods regulations for additional information

## 15. Regulatory information

### Safety, health and environmental regulations/legislation specific for the substance or mixture

#### National regulations

#### **Law of the People's Republic of China on Prevention and Control of Occupational Diseases**

Catalog of occupational hazard factors:

Not applicable.

Catalog of occupational diseases:

Not applicable.

#### **Regulations on the Control over Safety of Hazardous Chemicals**

##### Inventory of hazardous chemicals

The table below indicates ingredients above the cut-off threshold considered as relevant which are listed. Verify that license requirements are met.

Flammable liquid - Category 3 Weight-% 99

| Chemical name       | Inventory of hazardous chemicals |
|---------------------|----------------------------------|
| 1-Propene, tetramer | Listed                           |

#### GB 18218-2009 Identification of major hazard installations for dangerous chemicals

##### Category

Flammable liquids

##### Threshold quantity (T)

5000

#### **List of hazardous chemicals under priority management**

Not applicable

#### **Regulations on Labor Protection in Workplaces Where Toxic Substances Are Used**

Inventory of highly toxic goods

Not applicable

#### **Regulations for Environmental Management on the First Import of Chemicals and the Import and Export of Toxic Chemicals**

List of toxic chemicals severely restricted for import and export in China

Not applicable

#### **Measures for the Environmental Management of New Chemical Substances**

**IECSC - China Inventory of Existing Chemical Substances** Contact supplier for inventory compliance status.

**International Regulations**

**The Montreal Protocol on Substances that Deplete the Ozone Layer** Not applicable

**The Stockholm Convention on Persistent Organic Pollutants** Not applicable

**The Rotterdam Convention** Not applicable

**16. Other information**

**Issuing Date** 17-Dec-2020

**Revision Date** 26-Feb-2021

**Revision Note** SDS sections updated: 8.

**Abbreviations and acronyms****Legend Section 8: EXPOSURE CONTROLS/PERSONAL PROTECTION**

|         |                             |      |                                  |
|---------|-----------------------------|------|----------------------------------|
| TWA     | TWA (time-weighted average) | STEL | STEL (Short Term Exposure Limit) |
| Ceiling | Maximum limit value         | *    | Skin designation                 |
| C       | Carcinogen                  |      |                                  |
