BYK-1810			
Version 1		Revision Date 02/22/2024	Print Date 02/22/2024
SECTION 1. IDENTIFICATION			
Product name	:	BYK-1810	
Manufacturer or supplier's o	deta		
Company Telephone Visit our web site	:	BYK USA Inc. 524 South Cherry Street Wallingford CT 06492 (203) 265-2086 www.byk.com	
E-mail address	:	BRIEF.BYK.NAFTA@altana.com	
Emergency telephone	:	203-265-2086; CHEMTREC 1-800-42- 703-527-3887	4-9300 / +1
Recommended use of the cl	hen	nical and restrictions on use	
Recommended use Restrictions on use	:	Defoamer Refer to Section 15 for any restrictions	s that may apply
ECTION 2. HAZARDS IDENTIFI	CA	ΓΙΟΝ	
GHS Classification			
Flammable liquids	:	Category 3	
Specific target organ toxicity - single exposure	:	Category 3 (Central nervous system)	
GHS label elements			
Hazard pictograms	:		
Signal word	:	Warning	
Hazard statements	:	H226 Flammable liquid and vapour. H336 May cause drowsiness or dizzin	ess.
Precautionary statements	:	Prevention: P210 Keep away from heat/ sparks/ or No smoking. P233 Keep container tightly closed. P240 Ground/bond container and rece P241 Use explosion-proof electrical/ v equipment. P242 Use only non-sparking tools. P243 Take precautionary measures as P261 Avoid breathing dust/ fume/ gas. P271 Use only outdoors or in a well-ve	eiving equipment. rentilating/ lighting gainst static discharge. / mist/ vapours/ spray.
		1/10	

sion 1	Revision Date 02/22/2024	Print Date 02/22/2
	 P280 Wear protective gloves/ eye Response: P303 + P361 + P353 IF ON SKIN all contaminated clothing. Rinse sl P304 + P340 + P312 IF INHALED and keep comfortable for breathing doctor if you feel unwell. P370 + P378 In case of fire: Use of alcohol-resistant foam to extinguis Storage: P403 + P233 Store in a well-ventil tightly closed. P403 + P235 Store in a well-ventil P405 Store locked up. Disposal: P501 Dispose of contents/ contain disposal plant. 	(or hair): Take off immediate kin with water/ shower. : Remove person to fresh ai g. Call a POISON CENTER/ dry sand, dry chemical or sh. ated place. Keep container ated place. Keep cool.
Other hazards None known.

C BYK

Never give anything by mouth to an unconscious person. If symptoms persist, call a physician.

SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media	: Alcohol-resistant foam Carbon dioxide (CO2)
Unsuitable extinguishing media	Dry chemical : High volume water jet
Specific hazards during firefighting	: Do not allow run-off from fire fighting to enter drains or water courses.
Hazardous combustion products	: Carbon oxides
Further information	 Collect contaminated fire extinguishing water separately. This must not be discharged into drains. Fire residues and contaminated fire extinguishing water must be disposed of in accordance with local regulations. For safety reasons in case of fire, cans should be stored separately in closed containments. Use a water spray to cool fully closed containers.
Special protective equipment for firefighters	: Wear self-contained breathing apparatus for firefighting if necessary.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures	 Remove all sources of ignition. Evacuate personnel to safe areas. Beware of vapours accumulating to form explosive concentrations. Vapours can accumulate in low areas.
Environmental precautions	 Prevent product from entering drains. Prevent further leakage or spillage if safe to do so. If the product contaminates rivers and lakes or drains inform respective authorities.
Methods and materials for containment and cleaning up	: Contain spillage, and then collect with non-combustible absorbent material, (e.g. sand, earth, diatomaceous earth, vermiculite) and place in container for disposal according to local / national regulations (see section 13).

SECTION 7. HANDLING AND STORAGE

Advice on safe handling	: Avoid formation of aerosol.
	Do not breathe vapours/dust.
	For personal protection see section 8.
	Smoking, eating and drinking should be prohibited in the
