Wash out mouth with water and then drink plenty of water.

Ingestion:

Treat symptomatically and supportively.

5. Fire fighting measures:

General Information:

As in any fire, wear a self-contained breathing apparatus in pressure-demand, MSHA/NIOSH (approved or equivalent), and full protective gear. During a fire, irritating and highly toxic gases may be generated by thermal decomposition or combustion.

Suitable extinguishing media:

Water fog, Foam, Dry chemical powder.

Unsuitable extinguishing media for safety reasons: High-pressure water jet.

The following can be given off in a fire:

The CO, CO₂, NO_x can be given off.

Special protective equipment:

Good firefighting practice dictates the use of self-contained breathing apparatus and turnout gear.

Further information:

Contaminated extinguishing water must be disposed of in accordance with local regulations.

6. Accidental release measures:

Personal precautions:

1. Removal of ignition sources.
2. Provision for sufficient ventilation.
