## Information and Application

Please note that all information provided in this document is provided as reference for the specific raw material that is listed on this document. The information and recommendations are supplied with the best of our knowledge at the date of issue. While every attempt is made to verify the information, the purchaser of the raw material should verify the requirements of the end-use and labeling of finished product. This information does not provide a guarantee of performance of use and is subject to change.

## General Product Information

<b>Commercial Name:</b>	BioFer Sugar Kelp
<b>Product Code:</b>	GLA-11007
<b>Use of Substance:</b>	Cosmetic/Industrial Use
<b>Shelf Life (Months):</b>	12
<b>Manufacturer:</b>	Green Line 8 Crown Plaza, Suite 101 Hazlet NJ 07730
<b>Phone:</b>	1-800-605-4818
<b>E-mail:</b>	<a href="mailto:sales@greenlineingredients.com">sales@greenlineingredients.com</a>

## Material Origin and Stocking Location

<b>Country of Origin:</b>	USA
<b>Stocking Location:</b>	USA

## Manufacturing Process Information

The raw material is produced through the extraction of below listed botanical followed by blending in designated carrier.

## Compositional Information

Constituent (INCI Name)	CAS #	EINECS #	Feedstock Origin	Wt. %	Country of Origin
Lactobacillus/Laminaria Saccharina Ferment Filtrate Lysate	Not Assigned	Not Assigned	Plant	95.00 - 99.00	US
Arginine Levulinate	Not Assigned	Not Assigned	Plant	1.00 - 2.50	US
Arginine Benzoate	Not Assigned	Not Assigned	Plant	0.10 - 0.40	US

## ***Regulatory***

### **REACH**

Based on our actual knowledge of the production process and the ingredients used we hereby certify that the above mentioned raw material is compliant with the requirements of REACH regulation (EC) No. 1907/2006 based on the ingredients registration or exemption.

#### **4.2. Regulation (EC) No. 1223/2009**

Based on our actual knowledge of the production process and the ingredients used we hereby certify that the above mentioned raw material do not contain any forbidden or regulated substances listed in the annexes II, III, IV,V and VI of the EU regulation No. 1223/2009.

### **NOAEL**

Based on our actual knowledge of the production process and the ingredients used we hereby certify that the above mentioned raw material have not been experimented for measuring a NOAEL (no observed adverse effect level).

### **Bovine Spongiform Encephalopathy (BSE)**

Based on our actual knowledge of the production process and the ingredients used we hereby certify that the above mentioned raw material do not contain any substance from bovine, ovine or caprine origin.

### **Genetically Modified Organism (GMO)**

Based on our actual knowledge of the production process and the ingredients used we hereby certify that the above mentioned raw material do not contain materials from genetically modified organisms.

### **Residual Solvents**

Based on our actual knowledge of the production process and the ingredients used we hereby certify that the above mentioned raw material comply to the limits of residual solvent listed in the ICH Guideline.

### **CMR Substances**

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material do not contain a substance classified as CMR category 1A, 1B or 2 according the 1272/2008 (EC) regulations and adaptations.

### **Proposition 65**

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material do not contain any substance on the list of Chemicals known to the state of CA to cause cancer or reproductive toxicity.

### **Bisphenol A/Phtalates**

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material do not contain substances classified as phthalates or bisphenol A.

### **Allergens**

Based on the actual production process and laboratory testing we hereby certify that the above mentioned raw material do not contain any of the 26 allergens listed in annex III of the cosmetic regulation (EC) 1223/2009.

### Substances of Very High Concern (SVHC)

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material do not contain any substance of very high concern listed in the candidate list of substances as described by the European Chemicals Agency.

### Animal Testing

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material, has not been tested on animals for cosmetic purposes by or on behalf of the company since January 1st, 2000.

### Heavy Metals Testing

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material, contains less than 20 ppm of total heavy metals. Total heavy metals = Arsenic (As), Antimony (Sb), Cadmium (Cd), Mercury (Hg), Nickel (Ni) and Lead (Pb).

### Impurities

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material do not contain any of the following impurities: Asbestos, Free Amines, Formaldehyde, Monomers, Nitrosamines, Ethylene Oxide, Triethanolamine, 1,4 Dioxane, Volatile Organic Compounds (VOC), including Acetone, Avocado based Ingredients, Castor Oil, Dairy Based Materials, Ethoxylated Ingredients, Gluten (Wheat, Oats, Barley, Rye), Parabens, Peanuts, Petrochemical Ingredients, Sesame Oil, Soy based ingredients, Sunflower Seed Oil, Synthetic Fragrance.

### Pesticides

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material comply to the European regulation 396/2005.

### Preservatives

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material are in compliance with preservatives listed in annex V of EU regulations No. 1223/2009.

### Nanoparticles

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material are free from ingredients containing nanoparticles.

### CITES Certificate

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material is not listed in the CITES regulation. The signature on this form serves as a certification.

### Kosher

Based on the actual production process and the ingredients used we hereby certify that the above mentioned raw material do not contain non-kosher ingredients and only uses natural botanical materials in listed carrier.

### Halal

Product Information Packet			
<b>Product Name:</b> BioFer Sugar Kelp
