

TECKREZ C59-93

SAFETY DATA SHEET

1. Identification

Product Identifier/Code	Teckrez C59-93, C5/C9 Hydrocarbon Resin
Recommended use	Adhesives, Sealants, Coatings, Wax, and other formulations
Recommended restrictions	None known
Manufacturer	Teckrez, Inc.
Company address	4209 Baymeadows Rd, Suite 3 Jacksonville, FL 32217 USA Office: 1-904-215-7885 Fax: 1-904-215-7797 Emergency: Within USA and Canada: +1 800-424-9300 Outside USA and Canada: +1 703-527-3887

2. Hazards Identification

Physical hazards	Not classified; molten material will cause thermal burns.
Health hazards	Not classified
OSHA defined hazards	Combustible Dust
Label elements	
Hazard Symbol	None
Signal word	Warning
Hazard statement	May form combustible dust concentrations in air.
Precautionary statement	Practice good industrial hygiene. Store in protective environment, away from incompatible materials and elevated temperature equipment. Wash hands and other exposed areas after handling. Waste disposal in accordance with local requirements.
Storage	Store away from incompatible materials.
Disposal	Dispose of contents/container in accordance with local/regional/national/international regulations.
Hazards not otherwise classified (HNOC)	None known

3. Composition/Information on Ingredients

Chemical Name	CAS number	%
C5 Aliphatic Hydrocarbon Resin, C-9 Modified Hydrocarbon Resin	64742-16-1	>99.8%
Antioxidant	Proprietary	0.1-0.2%

4. First-aid Measures

Inhalation	Move exposed person to fresh air. Keep person warm and at rest. Get medical attention if symptoms persist.
-------------------	--

Skin contact	Flush contaminated skin with soap and water. Remove contaminated clothing and shoes. Cool as quickly as possible if exposed to molten material. Do not attempt to remove adhered material from skin; material will come off as healing occurs. Get medical attention if symptoms occur.
Eye contact	Immediately flush eyes with water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses if easy to do. Get medical attention if irritation occurs and persists.
Ingestion	Seek medical attention.
Most important symptoms/ effects, acute and delayed	Dust may irritate intestinal track.
Indication of immediate medical attention and special treatment needed	Burns should be treated as thermal burns; material will come off as healing occurs.

5. Fire-fighting Measures

Suitable extinguishing media	Water spray, dry chemical, carbon dioxide
Unsuitable extinguishing media	Avoid high pressure extinguisher application which could spread fire.
Specific hazards arising from the chemical	Powdered material may cause explosive dust-air combinations, particularly in presence of static electricity. Hazardous decomposition products in the case of a fire includes: CO ₂ , carbon monoxide, smoke.
Specific protective equipment and precautions	Appropriate protective clothing and self- contained breathing apparatus (SCBA) with a full-face piece operated in positive pressure mode.
Specific methods	Use standard firefighting procedures and consider hazards of other materials.

6. Accidental Release Measures

Personal precautions, protective equipment and emergency procedures	Use suitable protective equipment. Keep unnecessary personnel away from material.
Methods and materials for containment and cleaning up	Vacuum or carefully contain and collect material and place in an appropriate container for disposal. Avoid creating dusty conditions and prevent wind dispersal.
Environmental precautions	Keep from drains; prevent uncontrolled run-offs.

7. Handling and Storage

Precautions for safe handling	Wash thoroughly after handling. Prevent contact with molten material.
Conditions for safe storage, including any incompatibilities	Keep container tightly closed in a cool, well-ventilated area. Keep away from ignition sources and static electricity. Employ good housekeeping practices to prevent build-up of dust and residue.

8. Exposure Controls/Personal

8.1 Occupational exposure limits

USA ACGIH	ACGIH (mh/m ³)	10 mg/m ³ (inhalable dust)
USA ACGIH	Remark (ACGIH)	Particulates, not otherwise classified
USA OSHA	OSHA PEL (TWA) (mg/m ³)	15 mg/m ³ (total dust) 5 mg/m ³ (respirable dust)
USA OSHA	Remark (US OSHA)	Particulates, not otherwise classified

8.2 Exposure controls

Appropriate engineering controls	Ensure good ventilation of the work station. Consider explosion proof ventilation equipment.
Hand protection	Protective chemical resistant gloves
Eye protection	Safety glasses with side shields (or goggles)
Skin and body protection	Wear suitable protective clothing, including appropriate clothing for exposure to molten material.
Respiratory protection	Where exposure through inhalation may occur from use, respiratory protection equipment of approved standard is recommended. Wear appropriate respiratory protection, if occupational exposure limits are exceeded or irritation/sensitivity is experienced.

9. Physical and Chemical Properties

Appearance	
Physical state	Solid
Form	Solid
Color	Pale yellow
Odor	Bland (mild hydrocarbon)
pH	Not available
Melting point	88-95°C
Initial boiling point	>260°C (500°F)
Flash point	Open cup 230°C
Evaporation rate	Not determined; considered negligible
Auto ignition temperature	Not determined
Flammability (solid, gas)	Not determined
Decomposition temperature	Not established. Very low hazard expected at normal operating conditions.
Density	.96 g/cm ³ (8.549 lb(s)/gal)
Solubility	Insoluble in water and alcohols. Good solubility in aliphatic and aromatic hydrocarbons.
Viscosity	20,000 cps @ 125°C

10. Stability and Reactivity

Reactivity and chemical stability	Non-reactive and stable under normal operating conditions. Decomposition can occur at elevated temperatures.
Possibility of hazardous reactions	None known under normal operating conditions.
Conditions to avoid	Open flame, static electricity, dusty conditions
Incompatible materials	Strong oxidizing agents

Hazardous decomposition products Smoke, carbon dioxide, carbon monoxide

11. Toxicology Information

Information on likely routes of exposure

Inhalation Dust and vapor. Fumes may irritate respiratory system.
Skin Contact Molten material causes thermal burns.
Eye Contact Direct contact with eyes may cause temporary irritation

Information on toxicological effects

Oral Oral LD50 (Rat): >2,000 mg/kg
Dermal No data available
Skin corrosion/irritation No data available
Serious eye damage/irritation No data available
Respiratory sensitization No data available
Skin sensitization This product is not expected to cause skin sensitization.
Germ cell mutagenicity No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.

Carcinogenicity This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.
OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050) Not listed.
Reproductive toxicity This product is not expected to cause reproductive or developmental effects.
Specific target organ toxicity-single exposure Not classified
Specific target organ toxicity-repeated exposure Not classified
Aspiration hazard Not available

12. Ecological Information

Ecological impact statement This product is not classified as environmentally hazardous. This does not exclude the possibility that large or frequent spills could be environmentally damaging. This product is not readily biodegradable.

13. Disposal Considerations

Disposal instructions Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

14. Transport Information

DOT Not regulated as dangerous goods
IATA Not regulated as dangerous goods
IMDG Not regulated as dangerous goods

15. Regulatory Information

15.1. US Federal regulations	This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the US EPA TSCA inventory list.
TSCA Section 12(b) Export Notification (40 CFR 707, subpoint D)	Not regulated
CERCLA Hazardous Substance List (40 CFR 302.4)	Not listed
OSHA Specially Regulated Substances (29 CFR 1010.1001-1050) Superfund Amendments and Reauthorization Act 1986 (SARA)	Not listed
Hazard Categories	Immediate Hazard: No; Delayed Hazard: No; Fire Hazard: No; Pressure Hazard: No; Reactivity Hazard: No
SARA 302 Emergency Hazardous Substance	Not regulated
SARA 304 Emergency Release Notification	Not regulated
SARA 311/312 Hazardous Chemical	Yes
Classified Hazard Categories	Combustible Dust
SARA 313 TRI Reporting	Not regulated
Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) list	Not regulated
Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)	Not regulated
Safe Drinking Water Act (SDWA)	Not regulated
15.2 International Regulations	
Canada DSL	Yes
15.3 US State regulations	
California Controlled Substances, Dept. of Justice (CA Health and Safety Code Section 11100)	Not listed
Massachusetts RTK-Substance List	Not regulated
New Jersey Worker and Community RTK Act	Not listed

Pennsylvania Worker and Not listed

Community RTK Law

Rhode Island RTK Not listed

16. Other Information, including date of preparation or last revision

NFPA health hazard 1

NFPA fire hazard 1

NFPA reactivity 0

HMIS III Rating

Health 1

Flammability 1

Physical hazard 0

Personal protection See section 8 of SDS

Version 2.0

Date of issue May 28, 2021

Teckrez Disclaimer

NO WARRANTIES OF USE OR OTHERWISE ARE EXPRESSLY MADE OR IMPLIED FROM THIS INFORMATION. The information contained here is believed to be accurate and reliable by Teckrez and is provided only to enable the safe use, processing, handling, storage, transportation of this material in considering good health standards and in an environmentally sound manner according to OSHA and other pertinent regulations including GHS (Globally Harmonized System of Classifications and Labelling). It provides guidance on health, safety, and environmental aspects of product and should not be construed as any guarantee of technical performance or suitability for particular applications.

This information is furnished without warranty, representation, inducement or license of any kind, except that it is accurate to the best knowledge of TECKREZ, INC., or obtained from sources believed by TECKREZ, INC. to be accurate. TECKREZ, INC. does not assume any legal responsibility for use or reliance upon same. Customers are encouraged to conduct their own tests before using any product and carefully review technical and safety data information. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. TECKREZ, INC. makes no representations and assumes no liability for any direct, incidental or consequential damages resulting from its use.
