

Specialists in Tackifier Resins and Acrylic Monomers

## TECKREZ C59-97

### SAFETY DATA SHEET

#### 1. Identification

<b>Product Identifier/Code</b>	Teckrez C59-97, C5/C9 Hydrocarbon Resin
<b>Recommended use</b>	Adhesives, Sealants, Coatings, Wax, and other formulations
<b>Recommended restrictions</b>	None known
<b>Manufacturer</b>	Teckrez, Inc.
<b>Company address</b>	4209 Baymeadows Rd, Suite 3 Jacksonville, FL 32217 USA Office: 1-904-215-7885 Fax: 1-904-215-7797 Emergency: Within USA and Canada: +1 800-424-9300 Outside USA and Canada: +1 703-527-3887

#### 2. Hazards Identification

<b>Physical hazards</b>	Not classified; molten material will cause thermal burns.
<b>Health hazards</b>	Not classified
<b>OSHA defined hazards</b>	Combustible Dust
<b>Label elements</b>	
<b>Hazard Symbol</b>	None
<b>Signal word</b>	Warning
<b>Hazard statement</b>	May form combustible dust concentrations in air.
<b>Precautionary statement</b>	Practice good industrial hygiene. Store in protective environment, away from incompatible materials and elevated temperature equipment. Wash hands and other exposed areas after handling. Waste disposal in accordance with local requirements.
<b>Storage</b>	Store away from incompatible materials.
<b>Disposal</b>	Dispose of contents/container in accordance with local/regional/national/international regulations.
<b>Hazards not otherwise classified (HNOC)</b>	None known

#### 3. Composition/Information on Ingredients

Chemical Name	CAS number	%
C5 Aliphatic Hydrocarbon Resin, C9- Modified Hydrocarbon Resin	64742-16-1	>99.8%
Antioxidant	Proprietary	0.1-0.2%

#### 4. First-aid Measures

<b>Inhalation</b>	Move exposed person to fresh air. Keep person warm and at rest. Get medical attention if symptoms persist.
-------------------	--

<b>Skin contact</b>	Flush contaminated skin with soap and water. Remove contaminated clothing and shoes. Cool as quickly as possible if exposed to molten material. Do not attempt to remove adhered material from skin; material will come off as healing occurs. Get medical attention if symptoms occur.
<b>Eye contact</b>	Immediately flush eyes with water for at least 15 minutes, occasionally lifting the upper and lower eyelids. Check for and remove any contact lenses if easy to do. Get medical attention if irritation occurs and persists.
<b>Ingestion</b>	Seek medical attention.
<b>Most important symptoms/ effects, acute and delayed</b>	Dust may irritate intestinal track.
<b>Indication of immediate medical attention and special treatment needed</b>	Burns should be treated as thermal burns; material will come off as healing occurs.

## 5. Fire-fighting Measures

<b>Suitable extinguishing media</b>	Water spray, dry chemical, carbon dioxide
<b>Unsuitable extinguishing media</b>	Avoid high pressure extinguisher application which could spread fire.
<b>Specific hazards arising from the chemical</b>	Powdered material may cause explosive dust-air combinations, particularly in presence of static electricity. Hazardous decomposition products in the case of a fire includes: CO <sub>2</sub> , carbon monoxide, smoke.
<b>Specific protective equipment and precautions</b>	Appropriate protective clothing and self- contained breathing apparatus (SCBA) with a full-face piece operated in positive pressure mode.
<b>Specific methods</b>	Use standard firefighting procedures and consider hazards of other materials.

## 6. Accidental Release Measures

<b>Personal precautions, protective equipment and emergency procedures</b>	Use suitable protective equipment. Keep unnecessary personnel away from material.
<b>Methods and materials for containment and cleaning up</b>	Vacuum or carefully contain and collect material and place in an appropriate container for disposal. Avoid creating dusty conditions and prevent wind dispersal.
<b>Environmental precautions</b>	Keep from drains; prevent uncontrolled run-offs.

## 7. Handling and Storage

<b>Precautions for safe handling</b>	Wash thoroughly after handling. Prevent contact with molten material.
<b>Conditions for safe storage, including any incompatibilities</b>	Keep container tightly closed in a cool, well-ventilated area. Keep away from ignition sources and static electricity. Employ good housekeeping practices to prevent build-up of dust and residue.

## 8. Exposure Controls/Personal

### 8.1 Occupational exposure limits

USA ACGIH	ACGIH (mh/m <sup>3</sup> )	10 mg/m <sup>3</sup> (inhalable dust)
USA ACGIH	Remark (ACGIH)	Particulates, not otherwise classified
USA OSHA	OSHA PEL (TWA) (mg/m <sup>3</sup> )	15 mg/m <sup>3</sup> (total dust) 5 mg/m <sup>3</sup> (respirable dust)
USA OSHA	Remark (US OSHA)	Particulates, not otherwise classified

### 8.2 Exposure controls

<b>Appropriate engineering controls</b>	Ensure good ventilation of the work station. Consider explosion proof ventilation equipment.
<b>Hand protection</b>	Protective chemical resistant gloves
<b>Eye protection</b>	Safety glasses with side shields (or goggles)
<b>Skin and body protection</b>	Wear suitable protective clothing, including appropriate clothing for exposure to molten material.
<b>Respiratory protection</b>	Where exposure through inhalation may occur from use, respiratory protection equipment of approved standard is recommended. Wear appropriate respiratory protection, if occupational exposure limits are exceeded or irritation/sensitivity is experienced.

## 9. Physical and Chemical Properties

<b>Appearance</b>	
<b>Physical state</b>	Solid
<b>Form</b>	Solid
<b>Color</b>	Pale yellow
<b>Odor</b>	Bland (mild hydrocarbon)
<b>pH</b>	Not available
<b>Melting point</b>	95-102°C
<b>Initial boiling point</b>	>260°C (500°F)
<b>Flash point</b>	Open cup 230°C
<b>Evaporation rate</b>	Not determined; considered negligible
<b>Auto ignition temperature</b>	Not determined
<b>Flammability (solid, gas)</b>	Not determined
<b>Decomposition temperature</b>	Not established. Very low hazard expected at normal operating conditions.
<b>Density</b>	.96 g/cm <sup>3</sup> (8.549 lb(s)/gal)
<b>Solubility</b>	Insoluble in water and alcohols. Good solubility in aliphatic and aromatic hydrocarbons.
<b>Viscosity</b>	24,000 cps @ 125°C

## 10. Stability and Reactivity

<b>Reactivity and chemical stability</b>	Non-reactive and stable under normal operating conditions. Decomposition can occur at elevated temperatures.
<b>Possibility of hazardous reactions</b>	None known under normal operating conditions.
<b>Conditions to avoid</b>	Open flame, static electricity, dusty conditions
<b>Incompatible materials</b>	Strong oxidizing agents

**Hazardous decomposition products**      Smoke, carbon dioxide, carbon monoxide

## 11. Toxicology Information

### Information on likely routes of exposure

**Inhalation**      Dust and vapor. Fumes may irritate respiratory system.  
**Skin Contact**      Molten material causes thermal burns.  
**Eye Contact**      Direct contact with eyes may cause temporary irritation

### Information on toxicological effects

**Oral**      Oral LD50 (Rat): >2,000 mg/kg  
**Dermal**      No data available  
**Skin corrosion/irritation**      No data available  
**Serious eye damage/irritation**      No data available  
**Respiratory sensitization**      No data available  
**Skin sensitization**      This product is not expected to cause skin sensitization.  
**Germ cell mutagenicity**      No data available to indicate product or any components present at greater than 0.1% are mutagenic or genotoxic.  
  
**Carcinogenicity**      This product is not considered to be a carcinogen by IARC, ACGIH, NTP, or OSHA.  
**OSHA Specifically Regulated Substances (29 CFR 1910.1001-1050)**      Not listed.  
**Reproductive toxicity**      This product is not expected to cause reproductive or developmental effects.  
**Specific target organ toxicity-single exposure**      Not classified  
**Specific target organ toxicity-repeated exposure**      Not classified  
**Aspiration hazard**      Not available

## 12. Ecological Information

**Ecological impact statement**      This product is not classified as environmentally hazardous. This does not exclude the possibility that large or frequent spills could be environmentally damaging. This product is not readily biodegradable.

## 13. Disposal Considerations

**Disposal instructions**      Disposal of this product, solutions and any by-products should at all times comply with the requirements of environmental protection and waste disposal legislation and any regional local authority requirements.

## 14. Transport Information

**DOT**      Not regulated as dangerous goods  
**IATA**      Not regulated as dangerous goods  
**IMDG**      Not regulated as dangerous goods

## 15. Regulatory Information

<b>15.1. US Federal regulations</b>	This product is not known to be a "Hazardous Chemical" as defined by the OSHA Hazard Communication Standard, 29 CFR 1910.1200. All components are on the US EPA TSCA inventory list.
<b>TSCA Section 12(b) Export Notification (40 CFR 707, subpoint D)</b>	Not regulated
<b>CERCLA Hazardous Substance List (40 CFR 302.4)</b>	Not listed
<b>OSHA Specially Regulated Substances (29 CFR 1010.1001-1050) Superfund Amendments and Reauthorization Act 1986 (SARA)</b>	Not listed
<b>Hazard Categories</b>	Immediate Hazard: No; Delayed Hazard: No; Fire Hazard: No; Pressure Hazard: No; Reactivity Hazard: No
<b>SARA 302 Emergency Hazardous Substance</b>	Not regulated
<b>SARA 304 Emergency Release Notification</b>	Not regulated
<b>SARA 311/312 Hazardous Chemical</b>	Yes
<b>Classified Hazard Categories</b>	Combustible Dust
<b>SARA 313 TRI Reporting</b>	Not regulated
<b>Clean Air Act (CAA) Section 112 Hazardous Air Pollutants (HAPs) list</b>	Not regulated
<b>Clean Air Act (CAA) Section 112(r) Accidental Release Prevention (40 CFR 68.130)</b>	Not regulated
<b>Safe Drinking Water Act (SDWA)</b>	Not regulated
<b>15.2 International Regulations</b>	
<b>Canada DSL</b>	Yes
<b>15.3 US State regulations</b>	
<b>California Controlled Substances, Dept. of Justice (CA Health and Safety Code Section 11100)</b>	Not listed
<b>Massachusetts RTK-Substance List</b>	Not regulated
<b>New Jersey Worker and Community RTK Act</b>	Not listed

Pennsylvania Worker and      Not listed

Community RTK Law

Rhode Island RTK      Not listed

**16. Other Information, including date of preparation or last revision**

NFPA health hazard      1

NFPA fire hazard      1

NFPA reactivity      0

HMIS III Rating

Health      1

Flammability      1

Physical hazard      0

Personal protection      See section 8 of SDS

Version      3.0

Date of issue      January 10, 2022

**Teckrez Disclaimer**

NO WARRANTIES OF USE OR OTHERWISE ARE EXPRESSLY MADE OR IMPLIED FROM THIS INFORMATION. The information contained here is believed to be accurate and reliable by Teckrez and is provided only to enable the safe use, processing, handling, storage, transportation of this material in considering good health standards and in an environmentally sound manner according to OSHA and other pertinent regulations including GHS (Globally Harmonized System of Classifications and Labelling). It provides guidance on health, safety, and environmental aspects of product and should not be construed as any guarantee of technical performance or suitability for particular applications.

This information is furnished without warranty, representation, inducement or license of any kind, except that it is accurate to the best knowledge of TECKREZ, INC., or obtained from sources believed by TECKREZ, INC. to be accurate. TECKREZ, INC. does not assume any legal responsibility for use or reliance upon same. Customers are encouraged to conduct their own tests before using any product and carefully review technical and safety data information. Final determination of suitability of any material is the sole responsibility of the user. All materials may present unknown hazards and should be used with caution. Although certain hazards are described herein, we cannot guarantee that these are the only hazards that exist. TECKREZ, INC. makes no representations and assumes no liability for any direct, incidental or consequential damages resulting from its use.
